FOR IMMEDIATE RELEASE

Lauren Engineers & Constructors and Jyoti Structures Limited Form Joint Venture

MUMBAI, INDIA, SEPTEMBER 29, 2011: Lauren Engineers & Constructors, Inc (Lauren) and Jyoti Power Structures (Jyoti) have established a Joint Venture to pursue Engineering, Procurement and Construction projects in India.

“This new joint venture brings together a team of professionals with industry-leading experience,” said Cleve Whitener, CEO of Lauren Engineers & Constructors. “The Lauren-Jyoti team embodies a unique blend of heavy industrial project experience as well as in-depth knowledge of the Indian market, which provides a strong foundation for building successful projects in India.”

Lauren Engineers & Constructors brings a wealth of experience to this new venture, having served as an EPC contractor to heavy industrial customers in the United States for over 25 years. Likewise, Jyoti brings a rich history of service excellence to this joint venture, having served the power sector in India for over 30 years.

Lauren-Jyoti will provide EPC services to heavy industrial customers, primarily in India. The company was recently awarded an EPC contract for the 50 MW Godawari Solar Power Project located in Rajasthan.
