Lead Management System

The ThreeClix Lead Management System is fully integrated with our software to allow you to manage your leads anywhere, anytime:

- Get leads from website portals and manufacturer websites delivered directly to your iPhone or Droid
- Lead status updates are bidirectional between the ThreeClix web interface and LeadMaster
- Manually assign leads to specific sales people or use pre-defined work flow assignments
- Respond to your leads in real time from your smartphone, sales opportunities don't always wait for you to "get back to the office"
