[Bridesmaid dress](#) is not only limited to sweet styles nowadays. You may choose elegant style, lovely style or vintage style, just keep it simple and in accordance with bridal gown. Many people think bridesmaid works to make bride look more beautiful. It's out of date. With beautiful bridesmaid attendance, you may have a sweet memory forever.

[Bridesmaid Dress](#) Color: Pink or Bold

Usually, bridesmaids are not allowed to wear these colors – red, black and white. Avoid black dress which means bad luck. Although bridesmaids have got many options when shopping for bridesmaids dresses, they need to be aware of the wedding theme firstly. Pink is always woman's favorite color. No matter what the fashion color is, female can't say no to this warm and soft color which carries our girlie dream throughout our childhood and teenage. In the wedding, pink belongs to bridesmaid while white belongs to brides.

Contrasting to bride's pureness white, [bridesmaid dress](#) goes to bold and bright color. Those candy colors look greater on the wedding day, and complement the [wedding dress](#) very well. Bold color elements add a festive touch on the light color dress. Peach, orange and red bow belts are popular embellishments over bridesmaid dresses. Little off-white dress plus green satin belt is perfect for a spring summer outdoor wedding. With those belts, the newlyweds may easily find you among the crowd.

### **Bridesmaid Dress** Styles: Follow the Bride

Wedding dress means that the bride has entered into her next stage which needs more maturity and responsibility. On the contrary, bridesmaids should be more youthful which means hope and expectation. While choosing a bridesmaid dress, three elements need to be considered: wedding, bride and yourself. What's the wedding theme? What's the wedding dress style? If the bride wears a long wedding dress, you are supposed to wear little pink dress.
