Standard Paint Finishes

All Datum products are painted with an electrostatic powder coat paint, ensuring a consistent, high quality, durable finish. Datum only uses the most advanced painting technologies which are EPA tested and approved. Powder coat paint is solvent free and environmentally safe.

The paint, melamine, and laminate samples shown are for representative purposes only. They are not actual samples. Contact the factory if actual samples are required. Custom-match colors are available, to include other manufacturers' colors. Other laminate and melamine options are available and may be subject to increased cost and lead time. Contact the factory for additional information.
