## **Office Suites PLUS Named to the 2011 *Inc.* 500|5000 List**

**LEXINGTON, KY, October 11, 2011** – Office Suites PLUS, a leading provider of workspace solutions, is proud that it has been named to the 2011 *Inc.* 5000 list of fastest-growing private companies in America. According to U.K. based Instant Offices, Ltd., Office Suites PLUS is the ninth largest serviced office provider in the world and it is the highest rated company in its industry according to the 2011 *Inc.* listings.

Office Suites PLUS provides companies of all sizes a wide range of workspace solutions. Whether a corporate employee working remotely, a professional, an entrepreneur or self-employed freelancer, Office Suites PLUS provides the image, convenience and services that allow each to focus on their business without the hassles associated with leasing traditional office space. Since opening its first location in 1999, the Lexington, Kentucky-based Company has expanded its presence to over 30 in nine states.

“Growth for anyone the past several years has been challenging so our hats off to all those recognized,” says James C. Baughman, Jr., President of Office Suites PLUS. “Technology has advanced to the point that anyone can work just about anywhere at anytime but at the end of the day people still feel the need to be around other people to be productive. Our clients continue to tell us that our employees are the reason they enjoy working in our suites and it is through their efforts that we have had our success.”

Each Office Suites PLUS location serves a community of workers that are independent from each other but benefit from the interaction and collaboration that occurs when working separately, but together. Services provided in each location include desk space rental, private or shared offices, virtual offices, meeting rooms, telephone answering services with voice mail, administrative support services, digital copiers, free coffee and much more. Each office and meeting room is professionally furnished complete with high-speed Internet access and an abundance of electrical outlets.

Office Suites PLUS further strengthened its industry position in 2010 by joining forces with *BusinesSuites* and Carr Workplaces to fund a new venture, Preferred Office Network ([www.preferredofficenetwork.com](http://www.preferredofficenetwork.com)), which provides a single source for organizations that need multiple workspace solutions across the country. Preferred now boasts over 140 locations in 33 of the top 50 U.S. metropolitan cities, and is growing rapidly due to network quality and a No Term Agreement©. Additionally, Office Suites PLUS President James C. Baughman, Jr. is an active industry leader of the Global Workspace Association, previously serving as Treasurer and now as President-Elect.

“Now, more than ever, we depend on *Inc.* 500/5000 companies to spur innovation, provide jobs, and drive the economy forward,” said *Inc.* editor Jane Berentson. “Growth companies, not large corporations, are where the action is.”

Each year, *Inc.* magazine ranks US-based, for-profit, privately-held, independent companies based on their average percentage growth rate over the prior three years – in the case of the 2011 list, from 2007 through 2010. The complete list for 2011 is available online at <http://www.inc.com/inc5000/>.

**About Office Suites PLUS**

Office Suites PLUS was formed in 1998 to develop and operate a network of full-service office suites, consistently providing access to state-of-the-art communications and technology in a professional business environment. The Company was founded by Norwood Cowgill, Jr. and James C. Baughman, Jr., and currently operates over 30 locations in nine states. Office Suites PLUS provides fully furnished private and shared office space, virtual offices, meeting rooms, high-speed Internet access, telephone answering services with voice mail, administrative support services and videoconferencing solutions. Its office suites can be viewed as a one-stop source for corporations and individual professionals seeking a flexible solution to traditional office space, a home office and/or existing support alternatives.
