

## Fact Sheet

**DESCRIPTION:** Kalos Golf, from the Greek word meaning “deep and enriching beauty,” organizes and conducts luxury golf cruises. The company, noted for its high quality of service, annually takes approximately 1,000 golfers to play the top-ranked courses of the world.

**HISTORY:** The company was founded in 1994 and has since earned an impeccable reputation for quality and service among discerning golf travelers. Kalos Golf has built a loyal clientele who return regularly for repeat voyages and confidently refer their friends. These intimate and memorable golf adventures uniquely combine the best of golf and touring with the relaxation of sailing on small, luxurious vessels. Founder Jim Lamont remains the company's president and owner.

**DESTINATIONS:** Kalos Golf offers approximately 10 trips each year. Current itineraries feature destinations such as: New Zealand, Australia, France, Italy, Scotland, Northern Ireland, Croatia, the Czech Republic, Germany, Austria, Switzerland, the Netherlands, Vietnam, Cambodia, Thailand, Sweden, Poland, and Russia.

**SHIPS:** Kalos Golf uses only five-star luxury sailing ships and riverboats that accommodate fewer than 125 passengers, such as the legendary *Sea Cloud II*, *Orion* and *Orion II*, *River Cloud II*, and *Clipper Odyssey*. These ships are known for five-star service, accommodations and cuisine. During a Kalos Golf cruise, we privately charter the vessel, so our guests receive the highest levels of service and the most private of travel experiences. In essence, the ships become our private yachts, offering the perfect pace of travel and an intimate atmosphere akin to that of a country club.

**ACTIVITIES:** In addition to playing great golf in historic and scenic locations, we have daily tours and special events for the non-golfers who join us on each trip. Expert guides lead our tours to explore the treasures of the areas we visit. Most importantly, travelers have the flexibility to choose most days whether to golf or to tour.

**SERVICE:** Both before and during our trips, clients are treated like family, their every expectation and wish realized by our dedicated staff. For example, to enhance the golf experience, we lease a fleet of golf carts that are transported to each course, so that golf carts are available at nearly every course we play. In addition, our advance team ensures that clubs and carts are set up before our golfers arrive at each course - passengers never have to touch a golf bag.

**HOSTS:** Prominent members of the golf community host many of our cruises, conducting informal clinics onboard, playing golf with passengers and providing great company. Past hosts have included golf course architect Rees Jones, former PGA tour commissioner Deane Beman, former Editor-in-Chief of GOLF Magazine George Peper, performance psychologist Bob Rotella, and noted teaching professionals Peggy Kirk Bell, Gary Wiren and Bill Davis. Oftentimes, golf professionals from prestigious country clubs host trips for club members and their friends.

**TARIFFS:** Passage on a Kalos Golf cruise ranges from \$7,000 to \$25,000 per person, based on double occupancy, and varies with the itinerary, location and size of cabin. Our all-inclusive tariffs include accommodations, food and beverage, ground transportation, golf carts and green fees, touring and shore excursions, staff and gratuities. Airfare is additional.
