Maximize Your Margins

Would you like to know exactly what your margins are for a specific customer, job, and industry?

Use our advanced margin analysis to focus your efforts in areas with the highest return.

SAVE TIME WITH AN INTEGRATED SOLUTION

Take full advantage of the Microsoft Dynamics platform with a product built specifically for the staffing industry. As contract or direct hire job orders are filled in your Front Office they automatically appear in your Microsoft Dynamics GP back office. A fully integrated Back Office including Accounts Payable, General Ledger, and a wide array of other modules will give you greater control and visibility to increase organizational efficiencies.

- Multiple methods of time entry including web timesheets and VMS integration
- Unlimited invoice formats and frequencies
- Fully integrated US/Canadian payroll or use an external payroll system or service
- Advanced reporting and margin analysis

Improve Your Cash Flow

*Would you like to shorten your billing cycle and reduce administrative costs?*

Emailing your invoices and our integrated collections system helps you get paid on time.

Process More Time Sheets in Less Time

Would you like to reduce or even eliminate manual time processing?

Web Timesheet Entry and Approvals can eliminate manual processing or Timesheet Imaging can automate the processing of manual timesheets and automatically include copies of signed timesheets with your invoices.
