[Majesty of God](#) ISBN 9781456770266

There can be no greater thing than to behold the glory of God in all His majesty. How can mere words extol the indescribable glitter of riches arrayed in a timeless, excellent, great and terrible glory ?
 The yearning to behold the King of kings who reigns in excellent and glorious majesty is the cry of many. "The Majesty of God" attempts a weak answer to such a plea. This volume, though offering only a vignette of what will unfold gloriously before us when we see Him as He is, still, by the special grace of God, promises a new radiance in the life of all that reflect prayerfully on its meditations.
 We can not exceed our perceptions of God and so we need to constantly pray to see and behold His glory and majesty for our personal spiritual growth.

5.0 Book Summary

A 5.8 magnitude Earthquake has just struck Virginia, the biggest since 1897 and is felt across the U.S. east coast. This is only one of over 90 others in a single day causing many in the United States of America to begin to wonder. What really is going on and what can one expect? It has been a most unusual year. This book suggests hidden clues to many contemporary developments by presenting, through the metaphor of traditional marriage, God's plans and eternal purposes. This metaphor is explained with Bible references and especially focuses on the reality of the most important approaching event – The coming of Christ – The Bridegroom.

Decades ago, many found the theme of "Preparing for the return of Christ" rather dour ... but not anymore. The mood has since changed. Today there is renewed interest in understanding readiness for what God is

Times. There is a strong something imminent that we conceive ... for good or for need to be prepared for as and other signs continue to these calls.

This book uses the metaphor perhaps the most important Christians. There is nothing are witnessing and there is the headlines. E.g. What is recently televised Royal Windsor teaching about eschatology? What distinguishes this book is how it explores Bible theology with contemporary pictures to interpret events in a way that is different and inspiring – but still not evading the bitter truths. The "Return of the Bridegroom" is written with relevant Bible illustrations and contemporary characters in three parts aligned to the various stages of Jewish Marriage.

Part 1 : The Covenant and Betrothal to the King,

Part 2 : Preparations of the Bride and the Bridegroom

Part 3 : The Bridegroom Returns for the Marriage

I do see a message here that will awaken a renewed freshness and interest to further reflect on important truths of which perhaps a few have only blurred thoughts. Indeed, it was the lucidity of these forgotten realities that sustained the first century saints through trials. Readers going through challenges will find comfort as it also contains relevant prayer points for devotion and a simple study guide for individual and group sessions. There is also an underlying no-nonsense evangelical message with a different but clear trumpet sound in times where many writings

deliberately thrive on introducing more ambivalence around important issues of heaven, hell, life, destiny and salvation. The intention of the Almighty is not to leave His own in clouds of doubt – this book is therefore plainly written to enlighten those who already hunger for simple truths.
