

AgroLabs Fact Sheet
www.agrolabs.com

Many years ago, we set out on a mission to craft premium, all natural supplements that not only taste great, but also promote our daily health. By combining our extensive knowledge of clinical sciences with our passion for wholesome nutrition, we are pleased to introduce the AgroLabs™ premium line of liquid nutritional supplements.

Agrolabs distributes worldwide in the United States, Canada, Taiwan, Korea, Japan, United Kingdom and Mexico. Additional information on AgroLabs and its products can be obtained from its website at www.agrolabs.com.

FAST FACTS:

- Established: 2004
- Availability: Available nationwide in select drugstores and grocers, as well as online at www.agrolabs.com.
- Long Lasting: AgroLabs products have a two year shelf life from the date of production using the aseptic process.

OUR MISSION:

Every day AgroLabs succeeds in helping countless people improve their lives through:

- High-quality natural products sourced from all over the world.
- Ethically harvesting our products to ensure the safety of our environment.
- Researching the benefits of our products and their effect on maintaining a healthy body.

We are changing the world...One healthy person at a time.

OUR PRODUCTS:

AgroLabs products are a driving force in the human and liquid nutrition industry. Below are list of products offered on the AgroLabs website:

- **Coconut Water Recovery Shot**
- **Peaceful Sleep**
- **Wheatgrass Boost**
- **12 Hour Overnight Cleanse and Detox**
- **Acai Daily Cleanse**
- **Green Envy Daily Detox**
- **Naturally Noni**
- **SuperFruit Immune Booster**
- **Naturally Thai Mangosteen**
- **Naturally Cranberry**
- **Aloe Pure**
- **Superberry Upgrade**

OUR COMMITMENT TO PEOPLE AND PLANET:

In an effort to help protect our environment, reduce trash and conserve, AgroLabs has designed our products in plastic bottles and without the box.

Our unique aseptic process enables us to remove the wasteful cardboard and glass packaging often associated with standard processed liquid dietary supplements. This aseptic preservative free process represents the state of the art in quality and purity with minimal environmental impact. You cannot buy a better product and we thank you for supporting your health and the health of the planet.
