

Mobile Scan Station™

The Mobile Scan Station™ is designed with convenience and security in mind. Suited for environments ranging from school and business entrances to cafeteria check-outs and any other situation where scan equipment is needed, used, and stored.

- Lightweight design makes it easy to maneuver.
- Compatible for use with RFID equipment.
- Locking door and drawer for security.
- Pull out tray for use of a mouse and other peripherals.
- Cable grommets located on the top, sides panels, and interior shelves for maximum cable management.
