## Virtual Edge Institute

## Your Partner to Accelerate: awareness, leads, sales.

The Virtual World is evolving where today websites are transaction based, to tomorrow when it's about *perpetual business relationships, virtually*. As the only organization dedicated to advancing the adoption and growth of digital solutions for meetings, events, learning and community, Virtual Edge Institute (VEI) is "Your Marketing Partner to Accelerate: awareness. leads. sales."

The cornerstone of this partnership is VEI's annual Virtual Edge Summit, the only conference that brings together the best minds from corporations and associations to share best practices, case studies and insights for the industry. Each level of participation will accelerate your brand awareness, lead generation, and sales opportunities.

## Sponsorship benefits at-a-glance:
