Get your business profile added to official government websites

Why spend money getting your business listed on proprietary databases government buyers don't even use?

We custom build and optimize your **official government profile** so your products and services will be found in all the places the Federal Government looks for small businesses.

**Over \$670 billion** in funds set aside for small businesses in 2009 and 2010 were awarded to large companies instead - because contracting officers could not find enough eligible small businesses to do the work!

# BRANDING

Establish your company's brand with thousands of government buyers

Build your brand with over 80,000 procurement officers in more than 4,000 offices nationwide, in the format government buyers prefer.

Simplified acquisitions, micro purchases and no-bid contracts are the fastest and easiest contracting vehicles for buyers to use - They simply call one or two vendors and award the contract on the spot!

More than 30% of Federal contracts - totaling **over \$135 billion** - are awarded directly to vendors without ever being put out for bid. The **only** way your company can be considered for these contracts is if buyers know who are!

### Testimonials

"Dear sir: I want to enthusiastically comment Ms. Jessica Summers for her counsel as I was going the Grants.gov process. I am a highly successful entrepreneur and foundation founder but had zero interaction with the federal government processes. Ms. Summers was exceptionally helpful and guided me effectively through the milieu. She was so very prompt and kind as I attempted to do what was asked but kept running into obstacles."

--G. Dale Meyer, PhD  
Founder and CEO The Meyer Group of Western Corp

"I wanted to take a few minutes and let you both know what an asset Ms. Topping is to your team. Her customer-service oriented approach continually AMAZED my husband as I as we were helped throughout the CCR registration process. She follows up, she demonstrates remarkable patience, she is thorough, and she is a pleasure to deal with. I cannot say enough good things about her handling of our case."

--Amanda Peterseim  
PACS Aero Inc.

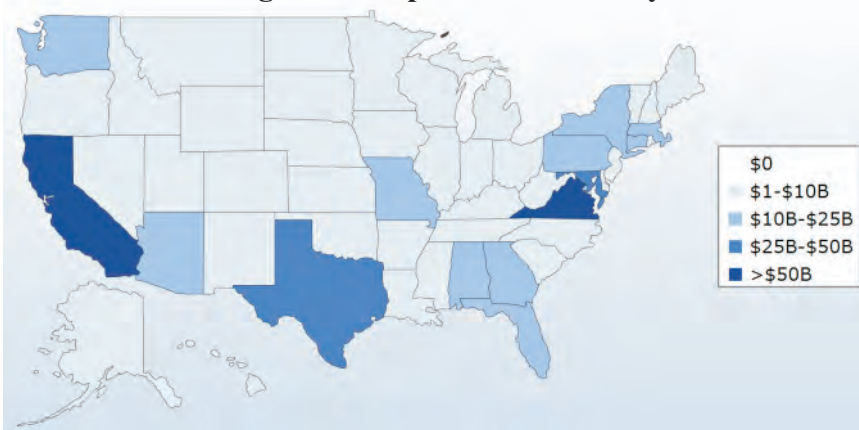

"I worked with US Federal Contractor Registration to update the out of date listing our company had in the federal system. Their staff was timely and thoughtful about making sure they kept me informed of their progress. Within a month of having our ORCA listing updated we received a call to bid on a job that we secured. Celeste is now working diligently on marketing our firm and services so the best is yet to come! Money very well spent thank you US Federal Contractor Registration for your guidance and knowledge!"

--Colleen Nabhan  
President ETS, Inc.

"I could not have completed the Registration process accurately and timely without the exceptionally, outstanding professional expertise, guidance and patience of Mr. Johnathan Maness and Mrs. Teresa Costello..."
