## DO YOU HAVE WHAT IT TAKES TO BECOME A GAP DAEMON?

*I'm lucky enough to have spent my life travelling and seeing the world. I love it so much that I decided to set up Gap Daemon to help other people realise their travel dreams.*

*In my experience, there are five kinds of travellers:*

- Dreamers that make plans but never follow through*
- Boasters who've been there done it and are boring*
- Lone Rangers*
- Those obsessed with bodily functions (eating, drinking, sleeping, pooing)*
- GAP DAEMONS who combine ingenuity and sociability to create opportunity*

*We have an opening for ten of these rare breeds to join us as Travelling Interns.*

*If you've made your mind up to go travelling in the next few months then we want to hear from you, and guess what? We pay, and you could earn up to £1000 while travelling.*
