## Plus Computer Solutions Holds 4th Annual Business Success Conference

Sage Business Partner, Plus Computer Solutions, sponsors professional development and networking event.

---

**Burnaby, British Columbia—November 10, 2011**—Customers of Plus Computer Solutions from across British Columbia gathered last week at the Riverway Clubhouse in Burnaby, BC for Plus' 4th Annual Business Success Conference. The gathering was an opportunity for networking, learning and a vehicle to strengthen one's own personal and professional skills via presentations, interacting with the Plus team and networking with fellow attendees.

To kick things off this year, Plus recognized some of their top customers of 2011 in an awards ceremony. The following were the deserving recipients of these prestigious awards;

**The Plus Loyalty Award:** The Party Bazaar

**The Plus Spirit Award:** Metis Provincial Council

**The Plus Sustainability Award:** St. James Community Services

**The Plus Innovation Award:** Union Gospel Mission

**Top New Customer 2011:** Todd Tian

**Top Customer Runners Up:** New Line Products, Richmond Oval Corporation,

**Top Customer 2011:** Russell Food Equipment

This year's conference attendees were entertained and informed by a number of high profile guests such as Robert Johnson, author of the book "Kick Your Own Ass," and Robert Lavery from Robert Lavery and Associates, to name a few.

Attendees were able to attend a tradeshow where representatives of many third party software products demonstrated the benefits of their tight integration with Sage ERP Accpac.

Overall, the conference was a huge success and many important topics were presented in front of a large audience. The caliber of presenters at the conference was remarkable. Highlights included many new ideas regarding Customer Loyalty and Business Intelligence. The audience was riveted by the Tips and Tricks session held by our own Bonnie Wittmeier.

More than 90 people attended this all day event. The conference is an annual event. The date and details of next year's conference will be announced during 2012.
