SilverEdge Systems Welcomes Principal Consultant Brian Sullivan

SilverEdge is proud to extend their professional knowledge team to include Brian Sullivan. Brian brings a commitment to customer success and a tremendous amount of expertise to the SilverEdge team and their customers.

Schaumburg, IL – November 17, 2011 – SilverEdge Systems Software, a professional services firm dedicated to providing consulting services and software solutions to project-based organizations, is pleased to welcome Brian Sullivan as a Principal Consultant.

"We are thrilled to have Brian as part of our team," said Maria Vedral, SilverEdge's president. "He brings 20 years of experience to SilverEdge and to our clients along with a commitment to customer success. Having Brian here allows me to focus on activities that extend and enhance our client's experience with SilverEdge." Brian spent several years at Deltek, the leading global provider of enterprise software and information solutions for government contractors and professional services firms, as a Principal Consultant. Most recently he implemented Deltek Vision's Resource Planning solution at a 2,000-person architecture firm.

Brian's responsibilities at SilverEdge include helping to mentor the consulting services team; working with sales to understand client's needs and how solutions and services can fulfill those needs; implementing Deltek Vision at clients; and identifying opportunities within client organizations that can be streamlined with technology and expertise provided by SilverEdge.

"I have admired Maria and her team at SilverEdge for years," said Brian. "They have a tremendous commitment to their customers, which fits perfectly with my personal values. I particularly enjoy understanding a customer's problems and how technology can help them achieve their goal, both as an organization and for the individuals who work there. I am excited about the possibilities at SilverEdge."
