## **'Financial Advisor to Building Wealth' Gives Individuals Tools, Knowledge to Build Long-Term Wealth**

*Book series counteracts financial illiteracy by offering insight on complex financial systems and allowing users to make wise investments*

FAIRFAX, Calif. – Individuals who want to make better investments to build their wealth will now have a dynamic resource to do so with "The Financial Advisor to Building Wealth," an educational series of books dedicated to helping people understand the current financial system and use that knowledge to their advantage.

This [financial advisor](#) book series, which has five editions so far, provides users with in-depth information on how the self-serving interests of government and banks impact investments and the economy. Using this [financial education](#), individuals can protect their investments and even profit by making the right financial moves at the right times. This collection of books is part of The Wealth Building Course.

"We are in an unprecedented time in our history, as we have never seen a financial crisis on such a global scale like we have right now," said Thomas Herold, CEO of The Wealth Building Course. "This book series is the only one of its kind that helps you understand why we are in this situation, as well as what you can do to survive and thrive in a very challenging economic environment."

"The Financial Advisor to Building Wealth" aims to transform individuals' perceptions and attitudes from money to wealth. It includes motivating and practical habits for accumulating wealth over an extended period of time, giving users the tools they need for ongoing financial success. Action-focused and inspiring, this collection of books provides its information in small articles for the most effective learning possible. It uses clear and jargon-free language that all readers—regardless of if they have financial experience or not—can understand.

The series continues with an edition for each quarter, and is available for purchase as a complete set or by each individual edition. Users can save 50 percent off the complete set and 20 percent off each edition now until the end of December. All versions can be downloaded in an easy-to-access PDF eBook format and are also available in paperback and on Kindle through Amazon.

"This is a great opportunity to finally take that big step toward your ultimate financial success," said Herold. "This book series is built to give you all of the information you need to build real wealth to levels you've only dreamed of in the past."
