CHOSEN TO 2011 RISING STARS

Ryan Russman offers a rare blend of trial advocacy and science to defend people charged with driving under the influence and other motor vehicle offenses.

"I represent fathers, mothers, grandparents, most of whom have never had contact with the judicial system," he says. "Without a driver's license, they cannot go to the grocery store, let alone to their jobs." Russman's commitment to excellence and his clients has helped develop a reputation for getting his clients back on the road, and back to their daily lives.

Board-certified by the National College for DUI Defense, Russman is co-author of two books on the topic and is at work on a third. A zealous advocate in court, he uses his expertise in science to obtain optimum results for his clients.
