PDF Connoisseur

– Kdan Enterprise iPad Edition

Your Business is Now in Action

PDF Connoisseur is designed to meet your career demands at your fingertips. The file management capability of PDF Connoisseur goes way beyond that of a standard reader app as it not only ensures easy file reading, navigating, file access, annotating and file scanning, but it is also equipped with the robust “Save to PDF” and “Text to Speech”(TTS) features, which makes PDF Connoisseur one big step ahead of all other alike apps on the market. PDF Connoisseur is no doubt the best solution to condense your time, squeeze more space out in your office, and maximize your business performance.

App Info

Price: \$9.99 USD
Category: Business
Version: 1.0
Language: English
Compatible with iPad. Requires iOS 4.0 or later.

Main Features

File Management

Friendly User Interface: The interface of PDF Connoisseur is intuitive and easy to navigate through.

Passcode Protection: Your files are safe with PDF Connoisseur as you can set a passcode to ensure your privacy.

Fast Viewing Engine

PDF Connoisseur makes it effortless to scroll through pages with its excellent rendering speed and reading engine even when viewing extra-large files.

PDF Converter

PDF Connoisseur is more than just a document reader as it enables you to convert Word, Excel, Pages and other mainstream documents into PDF within a matter of seconds. With the powerful conversion function, annotations and TTS couldn't be done any easier.

Text to Speech (TTS)

PDF Connoisseur reads out loudly and clearly your selected text in the language of your own choice (English, German, and French).

PDF Connoisseur brings mobile reading to the next level as this revolutionary app not only helps you read, it also serves as an exclusive reader that reads for you.

File Transferring

USB Connection: Transferring files via iTunes with USB connection to your iPad.

Wi-Fi Built-in Browser: As long as your iPad and your computer are under the same network, PDF Connoisseur allows you to transfer files wirelessly.

Cloud Storage: Importing or exporting your documents is never so convenient as PDF Connoisseur provides you with a multitude of means including Dropbox, iDisk, GoogleDocs, Box.net, FTP, WebDAV Server and Client.

Annotation

Marking documents with PDF Connoisseur is child's play as you can select a block of text and apply highlight, underline or strikethrough according to your needs. Also, PDF Connoisseur lets you make notes in your files with text boxes, sticky notes and freehand drawings. Annotations made with PDF Connoisseur are recognized by fully featured viewing engines such as Mac Preview and Adobe Readers for printing purposes on your computer.
