Wally Hahne
Jensen Precast
14221 San Bernardino Avenue
Fontana, CA 92335

Dear Wally,

Congratulations on receiving CPCA's 2011 Robert G. Evans Award! We were so sorry you could not be present (in person) in Santa Barbara to hear all the nice things being said about you:

"This year's Robert G. Evans Lifetime Service Award goes to someone we all know as he has been an advocate of, and consistent participant in CPCA for many years. He has worked and lived in California his whole life, and has been involved in the precast industry in California for more than 50 years. He has extensive knowledge of markets, products, production, customers and vendors. His support of CPCA never waivers as is shown by his attendance at the Member Meetings, numerous hostings of plant tours and encouragement of staff participation in the Production School. For all these things, the 2011 Robert G. Evans Lifetime Service Awards goes to Wally Hahne".

Enclosed is your plaque. Again, congratulations and thank you for all you do for CPCA.

Sincerely,

Carol Berry
CPCA Executive Director
