SCOTTSDALE MARRIOTT AT MCDOWELL MOUNTAINS UNVEILS \$2 MILLION RENOVATIONS

This Marriott hotel in Scottsdale unveils renovations to revitalized boardrooms, meeting spaces and fitness center

Scottsdale, AZ – As the economy begins to rebound and business travel picks up, the Scottsdale Marriott at McDowell Mountains has completed renovations to meet the growing demands of technology-savvy and health-conscious executives.

The [Scottsdale resort](#) has undergone a \$2 million project that has re-invented its traditional boardrooms and meeting areas and injected excitement and vitality into the more than 15,000 square feet of versatile space using vibrant carpets and state-of-the-art technology.

The 5,000-square-foot Valencia Ballroom has received a major upgrade to its sound system that allows multiple background music options for any occasion. Interfaced audio and video capabilities with fewer cables and flexible furniture make all of the meeting rooms well-

positioned for any style of conference, event or trade show.

Executive boardrooms now feature 60-inch LCD flat-screen TVs that can be used for important business Power Point presentations or casual viewings of Arizona Cardinals or Phoenix Suns football or basketball games. Elegant but ergonomic executive chairs and new window coverings and accent lighting highlight the boardrooms and Seville and Bella Vista meeting rooms.

An expanded and renovated fitness center gives health-conscious guests the opportunity to workout with state-of-the-art Life Fitness cardio equipment complemented by free weights, a heated outdoor saltwater pool and whirlpool.

The Four Diamond AAA Scottsdale resort's recent renovation project comes on the heels of upgrades to its guest suites that include Marriott's Revive bedding, wet bars and mini refrigerators in separate living and bedroom spaces.
