

Your Alarm Now Declares the Addition of Burglar Alarm Siren to their [Home Security Systems](#)

Your Alarm Now, one of the most acclaimed providers of [home security systems](#) in the country, has just made a significant addition to its impressive product range. The security systems provided by the company will now contain a top class burglar alarm. The company offers three home security packages in Canada and America.

The [home security systems](#) provided by Your Alarm Now will now come with a loud burglar alarm. The new product was introduced recently by the owner of the company Mr. Paul Shakuri. Your Alarm Now has been providing domestic security systems in Canada and America since last few months. The ADT authorized dealer has made significant progress in the market with their innovative product range and highly professional service. They presently offer three reasonably priced packages starting from only \$35.99 per month. The addition of this new equipment to the package has been applauded by the customers of the company.

Burglar alarm systems are an integral part of modern day [home security systems](#). A good security system always makes its presence felt to the outsiders. A professionally installed burglar alarm siren works effectively as a deterrent for the intruders trying to break in. A burglar alarm system generally consists of a control panel, siren, and a sensor. The high pitch alarm system provided by Your Alarm Now is designed to alert the homeowner immediately in case any unsolicited person breaks in. The siren is loud enough to alert the entire neighborhood about the presence of a miscreant in the area. Announcing the introduction of the product, Mr. Paul Shakuri said, "This is another highly useful addition to our product line. All our packages will now contain this highly effective device". Mr. Shakuri is an eminent personality in the industry of home security. He has spent several years of his life providing top class protection to homeowners.

The [home security systems](#) provided by Your Alarm Now are equipped with all the latest features. The most noteworthy of them all is that these systems can work even when there is a power cut, or when the telephone lines are non functional. Customers particularly like the innovative key chain control device and pet immune motion sensors. The company is aggressively expanding at the present moment with a mission of providing affordable home surveillance package to all the home owners in Canada and America.

About the Company: Your Alarm Now is a premier [home security systems](#) provider with an ever expanding service network in America and Canada. They have just introduced a new burglar alarm siren to their product range.
