NoteLedge – iPad Edition

Record Every Moment In Your Life

NoteLedge is a robust note-taking application that combines handwriting, typing, audio input and video recording all in one package. What makes NoteLedge stands out is its cutting-edge patented feature, "Navigator", a gadget that provides you with the ability to crop pictures and text in a personalized way and paste them anywhere on the screen. NoteLedge is a perfect tool for making a scrapbook, composing a brief memo, keeping a daily diary, writing a travel journal, and so on. Besides all these appealing features, NoteLedge enhances your productivity on the job by allowing you to share your thoughts and ideas wherever internet access is provided.

Main Features

File Management

1.1 User-Friendly Interface - The user interface of NoteLedge has been designed to be intuitive and easy to navigate through.

1.2 File Viewing - NoteLedge lets you sort your files by date. You also get to personalize each file cover with a picture of your choice.

1.3 Privacy Protection - Your files are safe with NoteLedge. You could set a different password for each file saved.

Multimedia Support

NoteLedge allows you to import pictures from your photo library. Alternatively, you can take photos directly within NoteLedge without switching to another app. Video and audio recordings can also be conducted within NoteLedge to further enrich your notes.

Patented Feature, "Navigator"

This patented feature enables you to customize your text and pictures in all sorts of creative ways as you can grab the selected contents from any angle and paste them however you like within the active area. You can also decorate your notes using Navigator's built-in icons to make your notes stand out.

Writing a Note

NoteLedge lets you toggle between different background settings as needed. In addition, you can choose to either type text anywhere within the active area of the screen or make sketches using our cutting-edge handwriting technology.

Sharing Notes with the World

Sharing your ideas or memories could not be easier since NoteLedge allows you to email your notes in either the photo or PDF format in the blink of an eye. NoteLedge is also compatible with a wide variety of cloud storage options such as iDisk, Dropbox, GoogleDocs, box.net, and FTP, giving you the flexibility of easily managing your files.
