

# INSTRUCTIONS FOR USE OF EZ DRAPE™

## Item#: A400-1000

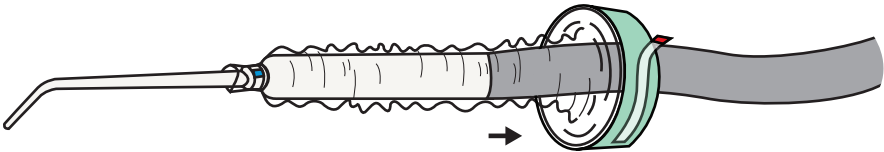

1. Pull narrow end with blue tape out first. Insert handpiece or instrument into the narrow end through the ring.

2. Tie blue tape around sleeve to secure it.

3. Pull the ring towards the base of the machine. Secure sleeve to the hose/cable with the extra red tape if necessary.

4. To remove sleeve, untie blue tape & enlarge sleeve opening. Pull ring up (sleeve should be inside out) and discard.
