**Non-Surgical Facelift Mask
Your Application Guide For
Younger Looking Skin**

Offered exclusively by your Beau Visage Independent Distributor:

**For a lifetime of age defying skin,
please follow these directions carefully.**

Application:

1. Shake all bottles thoroughly before use.
2. Clean face completely with **Beau Visage Facial Cleanser**.
3. Apply **Beau Visage Toner** to face and neck with clean cotton ball.

*Simply use the
diagram on the
right to apply the
Beau Visage
Face Lift Mask*

4. Moisten fingertips with warm, clean water.
5. Apply a generous amount of **Beau Visage Face Lift Mask** to fingertips.
6. Apply product to the base of your neck and stroke with a gentle upward “V” motion directed towards the back of your neck.
7. Apply product to the center of your chin, and stroke upward towards your hairline and temples.
8. Gently pull the skin at the corner of your right eye with your right pinky finger, making you squint, keeping your finger in place for the next step.
9. While holding the skin with your right pinky finger, stroke the product with your left pinky finger from the outside corner of your right eye towards the top of the bridge of your nose. Continue between your eyebrows and up to your forehead towards your hairline as illustrated.
10. Repeat steps 8 and 9 using the opposite hand on the left eye area.
11. In an upward motion, apply **Beau Visage Face Lift Mask** directly above eyelid over eyebrow and across forehead to hairline, keeping product away from the eye or eyelids.
