

Recently Launched Smoke Detector Device of [Home Security Systems](#) from Elite Security Services Providing Fire Safety for Homeowners.

Premium [home security systems](#) company Elite Security Services has added a new component to its security packages recently. An advanced smoke detector with excellent functional features will now provide fire safety to the customers of the company. Elite Security Services offers low cost domestic security service in all the regions of Canada and the United States.

The [home security systems](#) customers of Elite Security Services will now have round the clock security against fire. The company has just introduced a smoke detection device to their impressive range of domestic security products. They have made fast progress in the industry within a short time, thanks to their sophisticated range of products and professional service. The basic package of the company is available for a nominal monthly expense of \$35.99 per month. The smoke detector of the company has features that are different from the traditional systems, and are equipped to connect to ADT monitoring stations in case of a fire emergency.

Smoke detectors have always been an integral part of [home security systems](#). These devices act as an indicator of fire by detection of smoke. Most of these devices use photoelectric and ionization process to detect sources of smoke. There has been considerable advancement in the technology of smoke detectors in the recent years. Mr. Paul Shakuri, the owner of the company, commented while unveiling the new smoke detector system from the company, “This device will alert the homeowners by sounding the siren of the security system”. He also mentioned that the device is sensitive enough to detect the heat changes in case there is a source of fire between the walls. This device will now be available with the all the packages from Elite Security Services.

The [home security systems](#) offered by the company have so far received excellent response from the customers in Canada and America. The different components of their systems conform to the highest industry standards. They also have a technically equipped team with years of experience in this field. Reliable company sources have revealed that Elite Security Services will continue its foray in the domestic security industry in the New Year, with plenty of enhancements coming up very soon.

About the Company: Elite Security System has emerged recently as a one of the leading home security dealers in the United States and Canada. They are also an active affiliate of Protect Your Home.
