

Nation's Favorite [Home Security Systems](#) Provider introduces its Official Blog to Share Useful Security Tips with Customers.

America's leading [home security systems](#) dealer Elite Security Services has recently launched the official blog of the company. The company provides a complete range of round the clock security systems for the households in Canada and America. The blog of the company was officially launched by renowned home security expert and company owner Mr. Paul Shakuri.

Noted [home security systems](#) manufacturer Elite Security Systems has just come up with the official blog of the company. The company is now a well known name in the home security industry in Canada and America. They specialize in designing and installation of low cost security packages equipped with all the latest features. The company blog will provide useful domestic security tips for the homeowners. These security tips in the blog will be presented by the owner of the company, Mr. Paul Shakuri. Apart from being the key man behind the success of his company, Mr. Shakuri is a highly knowledgeable home security specialist with years of experience behind him.

The blog will publish informative articles covering different aspects of modern day [home security systems](#), and its optimum use for the homeowners. The visitors will be able to leave their comments or questions pertaining to their home security requirements. Mr. Shakuri will himself answer all their questions through this blog. Announcing the launch of this blog, he said, "We are excited to announce the opening of our official blog. This will provide a platform for all of you to assess your requirement before you decide to install a security package for your home. The blog will help us communicate with you to answer all your questions". He also added that the main objective behind the launch of this blog is to create a strong online community promoting home security in the United States and Canada.

Elite Security Services began its journey in the American market last year, and has made rapid progress in the industry since then. The [home security systems](#) from the company provide uninterrupted security service, thanks to the advanced technologies like cellular connectivity and backup power system. The highly efficient packages from the company are available for an affordable monthly fee of \$35.99 per month.

About the Company: Elite Security Services is a home security service provider with a large pool of satisfied customers in Canada and America. They are also an affiliate of Protect Your Home.
