Shockey Monkey provides a simple, easy to use, and FREE Business Management Platform. Everything works together seamlessly and on demand to provide you with simple web-based order form interface allows you to add new services in seconds, so you can focus your time on the real opportunity you have: to consult with clients on future planning and growth initiatives, then deliver the provisioning support profitably thanks to Shockey Monkey's easy Dashboard interface. Create "deeper" relationships with clients. Shockey Monkey provides you with the ability to be more organized through the easy management of all of the following: Client Portal, Support Board and rich ticketing system, Client Relationship Management, Projects, Agreements, Tasks and Schedules, Accounting and Invoicing, and service availability through the Service Manager. Shockey Monkey is completely free, however there are other options available. The Shockey Monkey PRO version provides you with all of the same great features of the FREE version plus no ads, technical and business support included, and the option to add on your own SSL Certificate.
