Wraps
Brand your mobile tables

Fixed Table Diagram

You are an ideal candidate for the fixed system if...

- You are building a new/bar restaurant
- Your cold box is in the basement
- You are renovating your existing premises
- Open as many or as few lines as are on the table
- Charge for set amounts of pints in advance
- “Touch Screens” allow patrons to order other drinks and menu items right from the table
- Run a tab for payment later
- Sell draft beer in pre-defined quantities
- Take credit against the table – the table will terminate supply when the credit is consumed

How to Price Out Your Fixed System Tables

Required

Electronics Package per Table:

2 Products per Table \$2275

4 Products per Table \$2825

This includes:

- Display Screens
- 2 or 4 Control Boxes per Tap
- Patented Electronic Boards (to manage tables)
- Wireless Communication Device per Tap

Display Screens

Spinning Towers & Custom Drip Trays

Wireless Controller

Additional Features

Spinning Tower/Custom Drip Trays with Screens and Branding per Table:

2 Product Towers \$1950

4 Product Towers \$2475

This includes:

- Spinning Towers w/ underneath assembly and restrictor bolt
- Plastic Drip Tray w/ Stainless Steel Round Drip Tray
- 2 or 4 Illuminated Lenses for Branding

Sample Equation:

Required Equipment:

$$4 \times \$2275 + \$1400 = \$10500$$

(# of Tables) (2 Tap Electronics) (Controller) (Total for 4 Tables)

Optional Additions:

$$4 \times \$1950 = \$7800$$

(# of Tables) (2 Tap Additions) (Total for Additions)

Grand Total:

$$\$7800 + \$10500 = \$18300$$

(Additions Total) (Req'd Total) (Grand Total)

Wireless Controller

One manages up to 8 of your Tables
