Tech, Healthcare Programs Featured at Anthem Institute Open Houses Jan. 18

Parsippany, Jersey City, and North Brunswick, N.J., January 12, 2012—Anthem Institute campuses in New Jersey will feature their technology and healthcare programs at Open Houses that will be held next Wednesday, January 18, from 9 am to 8 pm.

“The new year is a time when many people think about returning to school, particularly those who have been in the workforce and are ready to train for something more specific,” says Maria Veglia, the Campus President for Anthem Institute-North Brunswick.

Anthem Institute is an option for students who are different from traditional college students, say campus presidents at the three institutions. “Many of our students are working and have families,” says Valeria Lacey of the Jersey City campus. “Our classes and programs are geared for them. By offering classes at different times in the day and evenings, these students can still keep up their personal responsibilities.”

Classes at Anthem Institute are also taught one at a time over four-week periods, adds Diane Gilles, Campus President for the Jersey City site. “This lets students focus on learning, and not cram for exams,” she says.

Anthem Institute offers Diplomas in the following programs:

- Computer Networking & Security
- Graphic Design & Animation
- Massage Therapy
- Medical Assistant
- Medical Billing & Coding

The North Brunswick campus also offers a Diploma in Surgical Technologist.

One interesting feature at all three campuses are massage therapy clinics where students who have completed classroom instruction and lab work offer massages, supervised by instructors, to the public at competitive

rates.

In addition, all campuses are waiving standard application fees for those who apply by January 18.

For more information, contact the schools directly:

- **Anthem Institute-Jersey City** is located at 40 Journal Square. To RSVP and get more information, call 201.876.3800. Visit the school's website at <http://anthem.edu/jersey-city-new-jersey>.
