

Calligraphy Just Got Easier!

The next time you put together a shopping list for calligraphy supplies, keep it simple with just two items:

- ✓ Fine Paper
- ✓ Pigma® Calligrapher™ Calligraphy Pens

Nope, we're not overlooking anything! Forget the refillable cartridges, ink wells, and removable pen nibs. The Pigma® Calligrapher™ is a unique, all-in-one, durable lettering art tool that produces crisp edges and sharp hairlines in 3 nib widths and 6 Pigma® ink colors. This disposable pen has a hard nylon nib that withstands heavy pressure and constant use, and still provides a reliable, smooth ink flow from edge to edge.

Pigma Calligrapher is a great choice for both amateurs and professionals. It eliminates cost barriers and equipment requirements for beginners who are just learning about calligraphy, and provides an easy and quick alternative to traditional calligraphy pens for professionals.

Archival Pigma ink is waterproof and fade-resistant on most paper substrates. Pigma Calligrapher is available in 1mm, 2mm, and 3mm nib widths, perfect for different fonts, flourishes, and calligraphy effects.

APPLICATIONS

- 1mm – perfect for envelope work
- 2mm – ideal for place cards
- 3mm – for titles and signage
