Historic sites spanning millennia
30,000 B.C. to medieval to modern

Northern Exposure Spain is about enjoying the things you love, taking pleasure in new experiences, and discovering a place you haven't heard of but won't soon forget.

The vibrant seaside capital Santander and unique cultural traditions

Our small group (8 or less) itineraries are entirely customizable, personal and unique, and capture the essence of Northern Spain.

We are based in Cantabria, a complete travel destination and the heart of Green Spain.

Marvelous cuisine using the freshest local ingredients & wonderful, lesser known Spanish wines

We provide transportation, make the best recommendations for accommodation based on your preferences, and carefully consider all of your interests to plan an unforgettable stay.

Our extensive knowledge allows access to the true gems in the region that would otherwise be nearly impossible to find.
