*Make the Play!*

Vinci softball gloves and baseball fielder's gloves are the highest in quality, durability, style and performance. Our gloves are made with the highest grade US steer hide and Kip leathers. By utilizing better leathers, our gloves are manufactured to withstand the test of time. Our leathers are treated with our Vinci glove conditioner, which comes with every glove, to prevent ball spin by creating a sticky film on the leather. Thick pinky and thumb loops provide better protection. Thicker supports in the thumb and pinky allow our gloves to retain shape. We utilize heavy-duty 100 Tensile strength leather lacing, which we lace through the fingers on our larger models, reinforcing the rigidity of the glove. Only the best pro palm pads and shock pads are used, and where most palm pads cover only the center of the palm, we extend ours for added protection over a larger surface area.

Vinci, manufacturer of high-quality baseball and softball equipment since 1997, was founded on a promise to a father that, "One day your name will be in the Big Leagues". Pete Vinci, founder and President of Vinci, made this promise to his father, our Hero Benjamin Vinci. You will see our Hero's signature in every glove we manufacture as a tribute to a great man who continues to touch many to this day. Each model number is unique as it contains the initials of either family or friends who have touched the Vinci family. Pete, seeing his father battle Lou Gehrig's Disease for years, saw first hand the meaning of family. Pete still carries this with him to this day, and runs Vinci on the core values of honesty, quality and integrity. He inspects every glove before it goes on a shelf. When you wear a Vinci, you are part of our family.

**(NEW) White Frames**

## VINCI Multi-Lens Sport Sun Glasses

- 100% UVA and UVB protection
  - Rubber black ear tips are very comfortable over your ear.
  - Total wrap around profile to give better field of vision.
  - Rubber nose pads are adjustable and help them from bouncing as you run.
  - Foldable Lightweight Impact resistant polycarbonate lenses are easy to change.
  - Available in Black or Aluminum Gray frames. Now available in white frames!
  - Complete with three different types of lenses, case, and lens cleaning cloth.
- \*\*\* White Frame glasses come with blue coated "mirrored", smoked, and orange lenses. Black and Gray Frame glasses come with red coated "mirrored", smoked, and orange lenses.

## **(NEW) Youth Multi-Lens Sport Sun Glasses**

- Vinci Multi-Lens Youth Sun Glasses are made from the same material as our larger frame Multi-Lens Sport Sun Glasses except they have been redesigned to fit a smaller face.
