## FREE CD-ROM HELPS INVESTORS MAKE SENSE OF THE FINANCIAL MELTDOWN

Isn't It Time You Got A Second Opinion About Your Wealth?

(Scottsdale, AZ) - Investors are trying to make sense of an unprecedented economic earthquake that has left them feeling blindsided and unsure about their financial future like never before.

It's easy to see why investors have grown skittish. They've endured not one, but two of the worst stock market downturns in history – both within a short 10-year span.

The dot.com bubble burst in early 2,000, knocking the S & P 500 down 49.1% by the time the bear market ended in 2002.

That was followed by a 56.8% plunge from 2007 to 2009 when a credit driven bubble in stocks, real estate and many other assets ended badly.

There's no doubt about it: Investing can be complex. Many investors don't have a plan and others aren't sure if they have the right plan, but there's one thing that's certain. In today's turbulent times, we believe it's prudent—even essential—for today's affluent investor, especially the leading edge baby boomers on the brink of retirement, to obtain a completely unbiased second opinion.

For a limited time, Empowerment Financial Group is making available to investors a FREE CD ROM called, "A Second Opinion And Your Family's Finances".

To receive your FREE CD ROM, simply call **(480) 634-8890** or Toll Free **(888) 634-8890**. The CD ROM can also be viewed at [www.SecondOpinionAZ.com](http://www.SecondOpinionAZ.com).
