

## Wireless [Home Security Systems](#) from Elite Security Services Now Available in Canada

The popular wireless [home security systems](#) designed by Elite Security Services are now available in Canada. The company made its debut in Canada recently, after earning an excellent reputation in American home security industry within a very short time. They specialize in designing and installation of low cost security packages that provide all the latest features.

The Canadian homeowners can now enjoy the benefits of the excellent [home security systems](#) offered by Elite Security Services. The company has just entered the Canadian market with its amazing range of domestic security solutions. It may be recalled that they are already a renowned name in American security industry. The affordable wireless systems offered by the company are equipped with all the latest technological innovations. The key man behind the phenomenal success of Elite Security Services is the owner of the company Mr. Paul Shakuri. He is an acclaimed security expert in the United States with hardcore experience in developing top class security systems.

During the launch of the wireless [home security systems](#) of the company in Canada, Mr. Shakuri said, "It feels great to start our journey in Canada. Our wireless security systems are now available throughout Canada. We look forward to your support in the days to come". The wireless packages from Elite Security Services have received exceptional success in America since its launch just a few months ago. The company is now looking forward to emulate this success in Canada by providing top class security service that they are known for. Wireless systems are the latest trend in the industry because it has much more to offer to the customers comparing to the traditional security packages.

Elite Security Services has a strong technical team led by the charismatic owner of the company, Mr. Paul Shakuri. This highly talented team has been instrumental in designing the highly sophisticated wireless [home security systems](#) offered by the company. These security systems are capable of providing uninterrupted security to households because they can function even without home power and land line telephone connection. These highly efficient systems are also easy to use and monitor. The basic package offered by the company is now available in Canada for \$35.99 per month. The customers can also opt for two more packages with monthly expense of \$40.99 and \$44.99.

About the Company: Elite Security Services is one of the leading security service providers in the United States. The company has just started offering their service in the Canadian market. They are also an active affiliate of Protect Your Home.
