NOTES:

With a “Content Only” subscription, the newsletter content is delivered to you in Microsoft Word format. **Why would you want just the content?** Well, many of our customers have their own internal newsletter that they’d like to supplement with our articles.

What do I get with each newsletter? You’ll receive a newsletter in PDF format to post on your website. You’ll also get an HTML email version points to the articles in the PDF.

Can we personalize the newsletters? Yes. In addition to your contact information, company logo, and matching color scheme, you can provide us with your own personal announcement (user group meeting, new employee, etc) which we’ll format and include in your newsletter.

Can I purchase a QUARTERLY MAS 90 newsletter subscription? Yes. Although we publish 6 issues per year (bi-monthly), you have the option of purchasing a quarterly subscription. You’d simply select 4 out of the 6 issues we publish as the newsletter that you’d like to send out.
