

What We Do....

We offer a variety of highly specialized services for patients with heart rhythm problems including:

- ♥ Atrial Fibrillation
- ♥ Ablation therapy and advanced mapping with minimal or no x-ray exposure
- ♥ Removal of damaged leads and infected pacemakers or defibrillators.
- ♥ Pacemakers, Implantable Cardiac Defibrillators (ICDs), and Cardiac Resynchronization Therapy (CRT)
- ♥ Anti-arrhythmic drug therapy
- ♥ Consultations with Board-Certified Electrophysiologists to help patients and their families make an informed decision about appropriate treatment strategies.

Specialists in the Treatment of Heart Rhythms

ARIZONA ARRHYTHMIA CONSULTANTS

Locations:

Scottsdale Office

7301 East 2nd Street, Suite 118
Scottsdale, Arizona 85251
Phone: 480-246-3000
Fax: 480-246-3100

North Scottsdale Office

9445 E. Ironwood Square Drive
Suite #110

Who We Are....

Arizona Arrhythmia Consultants (AAC) are a dedicated team of cardiac electrophysiologists committed to the treatment and care of patients experiencing abnormal heart rhythms and electrical signaling problems.

As the premiere Cardiac Electrophysiology (EP) practice in Arizona, AAC physicians are on the forefront of EP technologies and clinical research nationwide focused on heart arrhythmias. They are regarded as the leading authority and innovators throughout the state of Arizona in the research and practice of Clinical Electrophysiology.

The AAC team of Physician Assistants, Nurse Practitioners, Device Specialists and Clinical Coordinators offer the human touch coupled with the best in modern medicine.

Thomas Mattioni, MD

Dr. Thomas Mattioni established AAC and is the Director of EP Services at Scottsdale Healthcare. He has practiced all aspects of Clinical Cardiac Electrophysiology in Arizona since 1991 and is a leading authority in his field. A primary investigator in new research protocols, he practices EP while investigating advanced treatments.

David Riggio, MD

Dr. David Riggio is known for maintaining the highest standards and specializes in the most complex electrophysiology procedures. He has been practicing Clinical Cardiac Electrophysiology in Arizona since 1993 and is recognized for his expertise in lead extraction and his evaluation and treatment of complicated cardiac lead issues.

Renzo Cataldo, MD

Dr. Renzo Cataldo specializes in all aspects of heart rhythm management with special emphasis on ablation techniques for all heart rhythm disturbances with particular focus on atrial fibrillation. He is one of the few physicians in the country who performs minimal or no x-ray ablation for complex rhythm problems.

Michael Zawaneh, MD

Dr. Michael Zawaneh completed his Electrophysiology Fellowship at the Cleveland Clinic. His research experience includes the study of atrial and ventricular arrhythmias in congestive heart failure. Dr. Zawaneh's field of expertise includes complex ablation of atrial fibrillation and ventricular arrhythmias and device therapy.

ARIZONA ARRHYTHMIA CONSULTANTS

ARIZONA ARRHYTHMIA CONSULTANTS has a reputation of excellence in delivering the highest quality comprehensive cardiac electrophysiology care:

✿ We offer specialized treatment with patients diagnosed with abnormal heart rhythms and/or heart failure.

OUR MISSION: To change the course of heart disease progression and improve quality of life.
