AKARYN RESORT AND SPA - KOH SAMUI – OPENING 01 MARCH 2012

Introduction

Sometimes you just know you've found the right place. Warm and welcoming, like sunrays bursting through clouds after the rain. It feels good. It feels ... you. At Akaryn Samui, we call this intuitive luxury. It means knowing what you want, almost before you do, service that need not shout its name, and 'wow factor' in lower case.

On the lambent sands of our very own secluded 450 metres beach, just south of Choeng Mon, an intimate and thoughtful reimagining of the beachfront boutique resort awaits. Set upon pristine powder sand, under a shadow play of palms, discover touches like a black lava rock swimming pool and a chill out deck under a venerable sea almond tree. Our 52 suites and villas offer a radiant take on tropical modern, graced with private pools and mature gardens, pointed towards the turquoise arc of the bay.

Space and Time

Akaryn Samui has been created in line with a philosophy of 'Outside Living – In', which allows you to get up close and personal with nature. Imagine an expansive 80sqm stand-alone suite with flowing open-plan design, generously high ceilings and your own 3.5m pool. Akaryn's 100sqm pool villas are tailor-made for those who require an extra measure of space. Stretch out, spread your wings and let your escape begin. Strike a pose by the edge of your 8m pool or repose in real privacy. Soft natural light anoints contemporary Asian décor and genuine antiques. Sublime amenities enhance intimate moments.

Guilt-Free Getaways

Appreciate nature even as you help preserve it. Akaryn Samui is part of the AHMS collection of boutique resorts, committed to luxury with a conscience and making a difference. We are passionate about green causes. The Pure Blue Foundation, an AHMS initiative, is doing pioneering work in marine conservation, from protecting the habitats of rare sea turtles and repairing damaged coral reefs to educating local communities and working with schoolchildren.

Spa IV. You.

Allow yourself to relax into the aura-inspiring therapies of our award-winning Spa IV, where herbal wisdom handed down over lifetimes has been distilled to its essence and crafted into uniquely Asian-flavoured therapies that utilise naturally sourced products wherever possible. Indulge in a signature Spa IV massage, put the pieces back together with soothing holistic therapies, unlock time-honoured Asian beauty secrets, or simply be good to yourself with our deliciously fresh and healthy spa cuisine.

Culinary Creativity

Award-winning chefs who aren't afraid to innovate go perfectly with Akaryn's experience of what works best in paradise. This is dining for the discerning, served in astoundingly beautiful settings. We understand your tastes, but encourage you to try new flavours. And we do our bit for sustainability and the community, sourcing wherever possible seasonal, local and organic produce, in line with the tenets of the SLOW food movement. From fine waterside dining at a private chef's table to relaxed grazing to our famous gourmet breakfasts, expect thoughtful cuisine straight from the heart. Call it seaside soul food.

The Pool Suites

Imagine an expansive 80sqm stand-alone suite that allows the landscape to be as close as you want it. Flowing open-plan design and generously high ceilings foster a sense of freedom. Akaryn's signature long-stem 430-count Egyptian cotton bedding offers the sweetest dreams. The daybeds on your terrace are the perfect place to contemplate a plunge into your private 3.5m pool. All around are the thoughtful touches and signature flourishes that define luxury not for its own sake, but for your comfort and ease. And for those who prefer front row seats, five of our 29 pool suites are graced with an absolute beachfront aspect.

The Pool Villas

Akaryn Samui's 100sqm pool villas are tailor-made for those who require an extra measure of space. Stretch out, spread your wings and let your escape begin. Strike a pose by the edge of your 8m pool, work up an appetite with some splashy laps, or simply repose in real privacy. These villas are all about restoring a sense of balance in an atmosphere of elegance, while spoiling you with the occasional extravagance. Soft natural light adorns contemporary Asian décor and genuine antiques. Sublime amenities enhance intimate moments.
