

FOR IMMEDIATE RELEASE

ENVIROTEST SYSTEMS HOLDINGS CORP. SELECTED BY THE STATE OF OHIO FOR NEW CONTRACT

Leading vehicle emissions inspection services provider Envirotest Systems is chosen by the State of Ohio in a competitive bid process to operate its new E-Check program in NE Ohio.

East Granby, CT (January 30, 2012) Envirotest Systems Holdings Corp. (Envirotest) announced today that the State of Ohio, after completing its evaluation of a competitive bidding process, has awarded a new contract to the company to operate a vehicle emissions testing program in the Cleveland/Akron area. The term of the new contract begins on June 4, 2012 and runs through June 30, 2015 with potential cumulative renewal options through June 30, 2017, subject to and contingent upon the appropriation of funds for this contract by the Ohio General Assembly.

“We are very pleased and honored to have the opportunity to continue our more than 22 years of premier service to the citizens of the State of Ohio and to continue our contributions to improving the air quality in northeast Ohio,” stated Envirotest President & CEO Mark San Fratello. “We look forward to working with Ohio EPA to bring new and innovative testing choices to Ohio’s motorists and to providing the State with the most efficient, convenient and effective vehicle emissions testing program possible,” he added.

Envirotest Systems Holdings Corp.

Established in 1974, East Granby, Connecticut based Envirotest Systems Holdings Corp. is the leader in vehicle emissions testing equipment and services in North America and provides Remote Sensing Device equipment and services throughout the world. The company operates eight large, high-volume vehicle emissions testing programs in the U.S. and Canada under its Envirotest brand.
