

LoudCloud

Introducing the only adaptive Learning Management System for Higher Education and K12 that can be configured to meet your specific academic and technology needs.

ONE SIZE DOES NOT FIT ALL

We believe that every institute, university, school and school district should have its own unique learning campus.

Our adaptive technology captures and statistically analyzes over 300 variables from student demographics, course engagement and assessment data to provide real-time profiles and patterns of best practice – instructional strategies, content preference, and teaching styles to create a personal learning environment and better outcome for each learner.

The LoudCloud Systems enable unparalleled flexibility and customer choice by converging our advanced native learning modules with an open and extensible interface for rich integration with industry-leading vendor solutions, thereby enabling an end-to-end solution for delivering:

- 👍 **Adaptive and Highly Personalized** Student and Teacher Experience
- 👍 **Improved outcomes** through actionable and predictive analytics
- 👍 **Variety of customizable course templates** to support your delivery model
- 👍 **Modular Component Design** for “Pick & Choose” access to an expanding universe of learning tools
- 👍 **Open Integration** with a variety of SIS, CRM, Authentication and Back Office solutions
- 👍 **Variety of cloud-based deployment architectures** including On-Premise or Managed Services
- 👍 **Compliance with emerging and current industry standards** such as ADA, Section 508, SCORM, IMS
