Dear Mr. Corliss,

Congratulations to Braintree Printing for taking steps to more than double its recycling efforts. In the process you have helped the environment and have set an example for other small businesses to follow. These are the kind of proactive measures that make our communities such great places to live and work.

Thank you for being open to new ideas. I wish you and your colleagues at Braintree Printing a prosperous year in 2012.

Sincerely,

Michael G. Bellotti
