

Elite Security Services Stamps their Authority in the Industry with Their Wireless [Home Security Systems](#).

The high performance [home security systems](#) manufactured by the company has made Elite Security Services an industry leader within no time. The company now provides their highly efficient service throughout the United States and Canada. The wireless systems from them are available from a monthly rental of \$35.99 only.

Elite Security Services has quickly emerged as a strong force in the domestic security market, thanks to their efficient wireless [home security systems](#). Their service is now available all over America and Canada for an affordable price range. The company started offering security service for the households during the later half of 2011. Many industry experts are now referring to them as the fastest growing security company in the United States. Wireless security systems are preferred these days over the traditional wired systems by most users because of their user friendly features. Elite Security Services presently offers three cost efficient security packages for the homeowners.

The biggest benefit of wireless [home security systems](#) is that it provides a clean and quick installation facility without causing any harm to the interior of the house. The wireless sensors are also remarkably easy to relocate. The wireless systems offered by Elite Security Services are designed to make life difficult for the miscreants. These systems are equipped with latest features that help the system remain functional even during a power outage. They also have a specially designed system that can operate without a basic telephone. It must be mentioned here that Elite Security Services is an ADT authorized dealer of domestic security systems and users can instantly connect to their nearest ADT monitoring stations in case of any emergency.

The man behind the steady growth of the company is its owner Mr. Paul Shakuri. He is an expert in the field of [home security systems](#) with years of experience behind him. Talking about the utility of wireless security systems, Mr. Shakuri recently said, "This is the most versatile and cost effective option available. Moreover, it's technical superiority, and ease of use has made it a choice that you cannot refuse if you really want the peace of your mind regarding the security of your home".

About the Company: Elite Security Services is a rapidly growing company in the home security industry. They offer highly efficient and economical home security solutions in America and Canada.
