# MediSapien *for* Billing Services

Medical Knowledge Management **Platform**

Reduce the manual cost of generating codes and leverage your knowledge workers. Additionally, offer billing services to MediSapien clients and partners. MediSapien provides source documents with reproducible, verifiable ICD-9, ICD-10, RxNorm, and CPT-4 codes from transcription, legacy records, and EHRs.

When it's right the first time, your clients are ahead of the game. *The MediSapien platform offers computer-assisted coding (CAC) to help billing companies improve accuracy, minimize denials, and defend against audit by providing source documents with reproducible, verifiable codes.*

- Increase revenue and client satisfaction.
- Lower coding costs and get faster TAT with computer-assisted coding vs. 100% manual.
- Handle RAC effectively with reproducible CAC from all source documents.
- Expand effectiveness of your workforce.
- Offer your services to MediSapien clients and partners, such as to MTSO Service Partners who may have clients seeking a billing service or change of billing vendors.
- Earn commisions from MediSapien Service Partners for transcription or other services.
- As a MediSapien Service Partner, your company will be visible to thousands of registered users.

MediSapien™ is an enterprise-class web-based platform for service partners to convert unstructured text into fully coded structured data. MediSapien accepts dictation or text from transcription vendors, legacy data and EHRs. The fully coded structured output, including ICD-10, is suitable for insertion into EHRs and facilitates interoperability. MediSapien also performs computer-assisted coding (CAC) for revenue cycle management companies, and data mining optimized for health data analytics partners. The MediSapien platform supports independent application developers.
