UNLEASH YOUR INNER REAL ESTATE WARRIOR START BY PASSING THE CA REAL ESTATE EXAM NOW

Westwood, CA, February 21, 2012. A call to battle the CA DRE exams is being trumpeted for the upcoming test dates. As agent-elect and agents sitting for their brokers' exam know, these are designed to test their mettle. To prepare, some just hit the books, some have already taken it a few times and think they are prepared, and others take prep courses. "One of the easiest ways to pass the CA Department of Real Estate exam is to know what's on it! That's why I'm hosting the best test prep course available, PASS THE TEST NOW," says Keller Williams Realty - Westside's CEO and Team Leader, Wendy Davis.

Keller Williams Realty received Innovator of the Year in 2011 for its leading edge technology. While the National Association of Realtors notes a 7.4% increase in agent productivity in 2011, Keller Williams increased its agent productivity to 19.5%! Through innovative courses and developed processes that drive business, agent support continues with a local franchisee's hosting a prep course for all New Sales Agents and Brokers on February 25, 2012 from 8:30 to 4:30 pm.

"This is more than a DRE compliance course," says instructor Dwight Norris, "Besides sitting for the exam, if you are thinking about getting (back) into real estate practice, this course will provide you with a high level understanding of what's required and new."

Unleashing your inner real estate warrior by passing the DRE-required Sales Agent or Broker exam is made simpler by honing your skills with master instructors. Statistics support proof positive that prep courses increase your odds of passing the test. "The first time pass rate of our students is 60% higher than studying without our preparation," says broker course instructor Bruce Legg. "Spend your day the right way without overspending for the right tools. We teach you what you need to know in order to pass the first time."

As more agents come online or return to the field of real estate, preparation is only *half the challenge* in capturing the **recovering** real estate market. The other half of the challenge is **leveraging** that knowledge with the right opportunity. "I'll also provide students an overview of why Keller Williams is 75,000 agents strong and pushing their way past the second largest real estate company in the world to number one...and lunch is on me," says Wendy Davis.
