**(20 words)**
MAGIX Audio Cleaning Lab MX is the perfect award-winning audio toolbox for music recordings, sound restoration, and burning based on the most current mastering tools from MAGIX.

**(50 words)**
MAGIX Audio Cleaning Lab MX is the perfect award-winning audio toolbox for music recordings, sound restoration, and burning based on the most current mastering tools from MAGIX. Eliminate bothersome noises such as hissing and popping from your old treasures on LPs, cassettes or tapes as well as digital audio files and transfer perfectly mastered music to CDs/DVDs or to MP3 players.

**(100 words)**
MAGIX Audio Cleaning Lab MX is the perfect award-winning audio toolbox for music recordings, sound restoration, and burning based on the most current mastering tools from MAGIX. Eliminate bothersome noises such as hissing and popping from your old treasures on LPs, cassettes or tapes as well as digital audio files and transfer perfectly mastered music to CDs/DVDs or to MP3 players. The useful overview track, professional effects as well as intuitive design ensure easy operation and a quick way to perfect digital sound. Whether manually, with the new Turbo Tape function supported by the improved step-by-step wizard, or using the optimized automatic Cleaning Assistant, the sound restoration results will impress you!

**Highlights:**
**Why MAGIX Audio Cleaning Lab MX is better and isn't to be missed**

► **Media-X-change:** Easily exchange files between MAGIX programs and share the results online: Send a recording which has been optimized using Audio Cleaning MX directly to your own music collection and enjoy it as an MP3 on your computer or on an MP3 player.

► Save time with the **"Turbo Tape"** feature! Cassette recordings played at double speed will be automatically recognized at the right tempo by the program.

► The **Automatic Cleaning Assistant** as well as the **step-by-step assistants for cleaning & mastering**, redesigned to be even easier to use with the help of user feedback, are now workflow-optimized

► **With the reverb/echo effect**, which can now be applied to the track as a master effect, you can conjure the most diverse atmospheres simply and with full control.

► **More effect presets:** Audio Cleaning Lab MX now comes with even more presets so that more audio user cases can be edited and optimized: Remove or reduce annoying street sounds, PC fans or wind noise, etc.

► **Samplitude ProAudio quality!** Experience the best sound quality in its class

► **Dozens of other improvements** e.g. simplified monitoring of your own recordings, optimized automatic level adjustment during recording, more options for direct spectral cleaning, more user friendly, etc.
