

## featured projects

# 1988

meadow park  
whistler, bc, canada

Has it really been 25 years? It sure didn't feel like it when we visited Meadow Park last summer and splashed around with all the kids. A quarter century later, this aquatic play pad is still a favourite with locals and tourists alike.

What makes this park especially amazing?

Meadow Park is the first known installation of an aquatic play pad in North America, and Waterplay's first ever project!

# 2011

belton outdoor aquatic facility  
belton, mo, usa

We're proud of how far we've come in 25 years. Belton Outdoor Aquatic Facility is a perfect example of why Waterplay is the longest running manufacturer in the the industry. Kids love the interactive features on our slide activity centres and the double flume is certainly a crowd pleaser.

What makes this park especially amazing?

Belton Outdoor Aquatic Facility was Waterplay's first installation of our new slide activity centres.
