Part Number: 350119

Aleratec CFAST to SATA Adapter 2-Pack™
Part Number: 350120

Stand Alone Hard Disk Drive Duplicator and Dock

The 1:3 HDD Copy Dock Duplicator is both a powerful HDD duplicator and a versatile HDD docking station in one innovative device. This essential tool for building, upgrading and backing up computer systems requires no computer to run, eliminating the need to tie up a computer for hours running complex software to duplicate hard disk drives. Docking bays can be controlled by individual power buttons. An LCD screen and easy-to-use controls make this duplicator simple to manage. It creates fast sector-by-sector copies that include partition and boot sector information, resulting in perfect clones and backups. Connecting the 1:3 HDD Copy Dock Duplicator to a computer via USB 3.0 or eSATA gives instant access to up to four hard disk drives at a time.
