

Fiber Technology	Eleven exterior and seven interior ridges allow fibers to flex, twist and rebound like natural grass blades for maximum look, resiliency and durability	Fibers with no ridges or only one ridge results in an inferior look, lower resiliency and less durability
Drainage	Propriety 100% porous MaxxFlow backing	Hole punched backing or absorbent felt-like backing
Cleaning	Occasional rinsing with hose water or natural rain. Odors are not an issue	Frequent maintenance with enzyme based cleaners and disinfectants as well as odor absorbent products
Finish	Matte	Medium to High Sheen
Lifespan	Revolution will last 15-20 years	6 Months to 8 Years
Warranty	Non-prorated 8 year warranty available	Pro-rated warranty
Financing	Yes	?

Lower Cost of ownership year over year
