

FOR IMMEDIATE RELEASE

Pêlè-Mêlè Works Launches “MUSIC PAPER”, a Range of Innovative Manuscript Stationery for Musicians

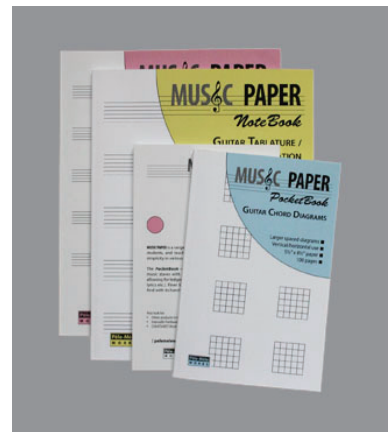

MUSIC PAPER brings improved legibility, flexibility, and simplicity to blank manuscript paper in handy trim sizes.

Paris, France, (PRWEB) 5th March 2012 – Pêlè-Mêlè Works debuts “MUSIC PAPER”, a series of innovative manuscript paper for musicians of all levels and ages.

The series brings improved legibility, flexibility, and simplicity to manuscript paper and is currently composed of two formats, a 8.5”x11” Notebook size and a 5.5”x8.5” Pocketbook size.

A design for guitarists presents music staff that can be either used as tablature or standard notation, another design presents blank chord diagrams with multiple usage, while a third design is the standard notation staff for all instruments. In an effort to let written music notation stand out, the tenets of the designs are:

- Larger sized staves and chord diagrams
- Plenty of room to annotate music as necessary
- Crisp finer lines

MUSIC PAPER is available now starting at \$5.95. For more information, visit: www.pelemeleworks.com

About Pêlè-Mêlè Works

Pêlè-Mêlè Works develops and publishes music instructional products for students, teachers, and practising musicians, amongst which the CHEATSHEET Music™ series (www.cheatsheetmusic.com).
