

Multi Media A/V Cart

For an affordable storage and transportation solution for your A/V equipment, look no further than the Multi Media A/V Cart. Designed with convenience and budget in mind, the Multi Media A/V Cart is an ideal place to store and secure projectors, audio equipment, and other presentation materials in an education or training environment.

- Ventilation holes on cart body and shelves keep running equipment cool
- Convenient cord wrap keeps power cords neat and out of the way
- Adjustable projector shelf for easy adjustment of projector angle and height
- Lock hasps on main door and projector door for securing the contents of the cart with a padlock
