

MPACaseMaker

**NOW make your mobile law enforcement case with ours.
Introducing the world's first police cruiser in a briefcase.**

MPACaseMaker puts a BlackBerry Playbook and the peripherals needed to benchmark your in-vehicle requirements in a hard-case weighing under 20 lbs. Connects with your BlackBerry Smartphone, to perform license scanning & ticket printing. Verify e-Tickets with your local court and agencies. Includes Niche data access, query and input.

- Bench and Acceptance test with no cruiser required.
- Cost-effective Proof of Concept prior to rollout.
- Niche data access, licence scanning, GPS, ticketing.
- Receive via courier, open, connect and run.
- Effective email and IM support.
- Test for 30 days and deploy for \$2500.

MPACasemaker includes:

- BlackBerry PlayBook
- BeagleBoard & SmartHub
- Brother printer - PJ622
- E-Seek M250 2D barcode reader
- Bluetooth Keyboard.

**Connect using
BlackBerry Smartphone**

BlackBerry Smartphone acts as the modem or 'radio' which can be secured using the SmartCard Reader.
